

The iPro System

*Body Shop
Cost Recovery System*

The Cliphouse Nationwide
1185 108th Street
Grand Prairie, TX 75050
1.800.229.2547

What is The iPro?

- *The iPro is a web-based cost recovery system for medium to small bodyshops. Its intuitive design makes it a very easy system to use. The user determines the markup on parts and enters the repair order and part number information that he wishes to appear on an invoice. After completion of the data entry, you may view and print a completed invoice which you may turn in for payment by insurance.*

How much does The iPro cost?

- *The iPro is free for use by **Cliphouse Nationwide** customers that are active and in good standing with The Cliphouse and who maintain a regular purchasing schedule.*

How do I sign up for The iPro?

- *Simply contact your **Cliphouse Nationwide** sales consultant. They will assist you with registration and login information.*

Can I see The iPro first?

- *Since **The iPro** is free, we don't have a full featured demo of the site. You may, however, keep watching or click Next to see **The iPro** in action!*
